

Ryerson Laboratory D17

[If you have comments, send additional information](#)

Address: 1100-14 East 58th Street

Year Construction: 1894

Year Acquired: 1894

Architect: Henry Ives Cobb

Gross Square Feet: 67,718

Primary Use: Academic Office

Design Zone: Main Quadrangle

Last Major Renovation:

Piecemeal renovations; 1986?

Comments:

Original physics building; piecemeal renovations and reconfigurations to convert dry lab spaces into faculty offices

REGULATORY STATUS

National Register: Not individually listed

NR Historic District:

Hyde Park-Kenwood Historic District

Chicago HRS Color Code: Orange

1 - Site

Land Ownership Status: Owned

Location - Physical:

No comment

Location - Program Adjacency:

Connected to Eckhart Hall by basement corridor and covered walkway at first and second floors.

Location Comment:

Part of original Cobb main quad site plan.

2 - Adaptability

Construction Type:

Load-bearing masonry walls and steel construction

Accessibility:

Entrance - Y; Bathrooms - P

Floor-to-Floor Height:

Main building: 15'-4", Annex: 1st, 2nd: 15'-4", 3rd: 12'-6"

Structural Capability:

Adaptable subject to structural analysis

Adaptability Exterior:

Exterior adaptation or addition would require sensitivity to integrity of existing facades.

Adaptability Interior:

Offices and classrooms - adaptable within construction type constraints

Adaptability Physical Features:

No comment

Adaptability Structure:

Adaptable within construction type constraints

3 - Building Envelope

Roof Type: Clay Tile (1995)

Exterior Facade:

Limestone

Exterior Base: Limestone

Exterior Trim: Limestone

4 - Heritage and Historic

Landmark Status:

no

National Register: Not individually listed

NR Historic District:

Hyde Park-Kenwood Historic District

NR Comments:

Architectural significance, item #116 on district nomination form

CHRS Comments:

Possesses potentially significant architectural or historical features

Heritage - Exterior:

Significant masonry facade and distinctive entrance doors (original metal strapping installed on replacement wood doors). Functioning observatory at roof level.

Heritage - Interior:

Entire interior renovated for abatement in 1983 with significant removal of original materials. Main staircase and first floor corridor exhibit original fabric reinstalled. Classrooms and offices have been

Ryerson Laboratory

D17

completely renovated.

Significant Spaces Identified:

No Comment

Heritage Culture Elements:

Significant original building fronting on main quad with classroom/lab addition to the north.

Architectural Awards Certification:

None identified

Heritage and History - General Comments:

Northern annex added in 1913 - architect Shepley, Rutan and Coolidge. First Nobel laureate in Physics (Albert Michelson) had office here. Building presence on the main quad highlights importance to original university of physics and the sciences in formation of the institution.

5 - Sustainability

Certifications:

none identified

Window Last Replacement:

No Data

Weather Stripping:

not identified

R Value Roof/Wall:

not identified
