Classics Building

D41

significant original architectural features such as oak paneling and doors, tile floors, and decorative ceilings. Room 406 features an intricate decorative plaster ceiling, oak paneling, and carved limestone fireplace surround.

Significant Spaces Identified:

No Comment

Heritage Culture Elements:

Building originally included the Classics departmental library and bookstacks (the reading room becoming Fulton Hall connected to Goodspeed Hall in subsequent renovation).

Architectural Awards Certification:

None identified

Heritage and History - General Comments:

Building shows increased use of iconography specific to the use of the building in carved stone ornamentation.
